1 INTRODUCTION

An introduction and a brief theoretical contribution of the topic addressed must be presented. Presentation of the problem/hypothesis (when applicable) and the aim(s) of the study.

2 METODOLOGY

Briefly present the material and methods used, such as enrolled population, samples, instruments, methods, techniques and procedures for data collection and analyses. Citing (SOBRENOME1; SOBRENOME2, 2020a) and (SOBRENOME1; SOBRENOME2, 2020b).

3 RESULTS AND DISCUSSION

The results must be clearly presented. In case of partial data, this information must be included in the text.

Whatever the type of illustration, its identification appears at the top, preceded by the designative word (picture, scheme, flowchart, graph, map, organization chart, portrait, figure, image, among others), such as the example of Figure 1. After the illustration, at the bottom, indicate the source consulted.
